

Join the founding families

Thaqalayn Academy opens in September 2027 in Silicon Valley.

Focus studio. Concept rendering — not the final design.

What your child's day looks like

- **8:00** Morning circle — Qur'an, du'a and the Hijri date
- **8:20** Mastery academics — Adaptive apps and a hint-only AI tutor, with guides at 1:12
- **10:40** Qur'an & Islamic studies — In-person teachers; remote specialists in one-to-one slots
- **12:30** Dhuhr in congregation — Around 12:30, following the season
- **1:00** Workshops — Speaking, coding & AI, archery, Arabic, calligraphy and more
- **3:00** Closing circle

What makes it different

- **Mastery, not seat time.** Children move on when they have mastered a skill (90%), with spaced review.
- **Guides at 1:12** in every room, and in-person Qur'an and Islamic-studies teachers.
- **A hint-only AI tutor** that gives hints, not answers, and responds to religious questions only from scholar-approved sources.
- **Seven Islamic strands:** Qur'an, Arabic, Aqa'id, Fiqh (per family's marja'), Tarikh, Akhlaq, Du'a & Ziyarah.
- **Calm, daylit rooms** with fresh air and CO₂ monitoring.

Tuition and aid (planned)

\$32,000

sticker tuition per year, with an average of **25% financial aid** (about \$24,000 average net). A scholarship fund supports families who need more help. Tuition is planned, not final.

Timeline

- **Now – March 2027:** founding families register interest. We sign a lease once 15 or more families have committed.
- **Summer 2027:** a summer pilot is planned.
- **September 2027:** doors open for 20 students in a ~4,000 sq ft space in Fremont, Union City or Santa Clara.

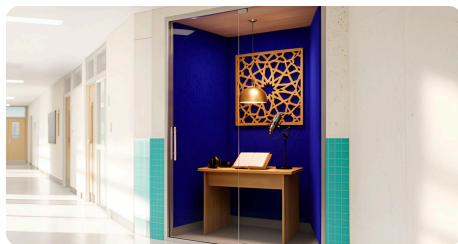

Register your interest

Go to **thaqalayn.pages.dev/founding-families**.

We ask only for your name, email, optional phone, city and your children's grades — never their names.

Registering commits you to nothing.

All religious content is approved by a scholar board. Fiqh follows each family's marja'.
